Introducing Berdine Terra Global

Berdine Terra Global

" Born from Earth, Built with Trust "

BERDINE
TERRA GLOBAL

About Us

Berdine Terra Global is an **Indonesian commodity** exporter specializing in **vanilla beans and black pepper**. Guided by our values of "Born from the Earth, Built on Trust," we build supply chains that connect the needs of international buyers with the welfare of local farmers.

Through direct partnerships with farmers, controlled processing, and standardized quality control, we ensure consistent products and guarantee that every batch meets export standards.

Our goal is simple : to add value to the global market while making a real impact on the farmers who are the foundation of this company.

Quality Control & Document

We provide complete documents

- Certificate of Origin (COO)
- Phytosanitary Certificate
- Commercial Invoice & Packing List
- COA / Lab Test (on request)

Quality Control

- Moisture analysis
- Grading & defect sorting
- Density check (pepper)
- Oil-level inspection (vanilla)
- Batch traceability

Vanilla Beans Planifolia

Product Overview

Indonesian Vanilla Planifolia has a strong aroma, oily texture, controlled moisture, and ideal flexibility for extraction and other premium uses.

Vanilla Grade A+ (Gourmet Premium)

Specifications

Length : 20–25 cm
Humidity : 30–35%
Oil Content : Very high
Defects : 0–2%
Colour : Deep black, glossy, oily
Texture : Thick, pliable, meaty
Aroma : Intense sweet vanilla, rich and complex
Processing : Sun-cured + controlled drying
Packaging : Vacuum-sealed
MOQ : 50 kg

Key Selling Points

- High oil content → optimal extraction
- Large uniform pods
- Consistent aroma & complex flavor

Vanilla Grade A (Premium Export)

Specifications

Length : 16–20 cm
Humidity : 25–30%
Oil Content : High
Defects : 2–5%
Colour : Dark brown, oily
Texture : Moist, pliable
Aroma : Strong vanilla aroma
Processing : Standard curing process
Packaging : Vacuum-sealed
MOQ : 50 kg

Key Selling Points

- Affordable high-quality grade
- Strong aroma consistency
- Suitable for mass production

Black Pepper

Product Overview

Black pepper from Lampung with high density, sharp flavor, and low moisture is suitable for the food industry and spice manufacturers.

Black Pepper premium

Specifications

Grade : A
Origin : Lampung – Indonesia
Density : 550 GL
Moisture : 12–13%
Size : 3.5 – 4.5 mm
