# Company Profile

**Introducing Berdine Terra Global**

# Berdine Terra Global

**“Born from Earth, Built with Trust”**

**BERDINE**  
**TERRA GLOBAL**

## About Us

**Berdine Terra Global** is an Indonesian commodity exporter specializing in **vanilla beans and black pepper**. Guided by our values of “Born from the Earth, Built on Trust,” we build supply chains that connect the needs of international buyers with the welfare of local farmers.

Through direct partnerships with farmers, controlled processing, and standardized quality control, we ensure consistent products and guarantee that every batch meets export standards.

Our goal is simple : to add value to the global market while making a real impact on the farmers who are the foundation of this company.

# Quality Control & Document

## We provide complete documents

- Certificate of Origin (COO)
- Phytosanitary Certificate
- Commercial Invoice & Packing List
- COA / Lab Test (on request)

## Quality Control

- Moisture analysis
- Grading & defect sorting
- Density check (pepper)
- Oil-level inspection (vanilla)
- Batch traceability

# Vanilla Beans Planifolia

## Product Overview

Indonesian Vanilla Planifolia has a strong aroma, oily texture, controlled moisture, and ideal flexibility for extraction and other premium uses.

# Vanilla Grade A+ (Gourmet Premium)

## Specifications

Length : 20–25 cm
